

Week 9: Summer Internship

18 June 2021- 21 July 2021 & 1 Aug - 3 Aug 2021

Tasks

The main tasks in this week are as follows:

- List down the different techniques used in practice for morphing. For example: Regular photoshop, face swap using deep learning.
- Test these methods against different images and test the “good” images that are otherwise hard to detect.
